Lunch Box Quilts Event
What to Expect

We are so excited to have you join Angie Stevens and AVS for this hands-on embroidery class!

You will need to pick your patterns and fabrics prior to class. We are scheduling appointments for students to come in and pick a pattern and fabric and answer all of your questions! There are many patterns to choose from; many are displayed in our event center, but there are a few more patterns to choose from that we have in store - Just Ask!

You must have a working knowledge of the embroidery machine you are bringing with you and how to operate it with the embroidery module. If you have purchased your machine at Authorized Vac and Sew, be sure you've attended a class to get you acquainted with your embroidery machines functions.

Each individual in the class will receive a copy of the embroidery applique pattern that you will be learning in class. (We will not be sharing). Please come to class with the design pre-loaded onto your machine. No time will be spent in class loading designs onto the embroidery machine.

Please bring all of the items listed on the Class Supply lists. In addition you may want to bring things like a thread stand, sweater, reading glasses, cushion, etc. Whatever things that will make you comfortable when you are sewing.

It is best to wash your fabrics ahead of time. This way you will know how they will behave prior to using them in a finished project that may take you some time before class to complete. You will also want to iron them and fold neatly.

There is no need to cut your blocks ahead of time. How to cut your blocks and to what size for hooping will be covered in your class.

You should expect to get one or two blocks completed that will teach you the techniques and procedures to successfully complete your project on your own, when you get home.

Most importantly bring a smile. This is going to be fun!

Lunch Box Quilts Event Patterns to Choose from....
