

AUTHORIZED VAC SEW

Make one practice sample quilt sandwich.

Square up one piece of solid color fabric to measure 20 X 24

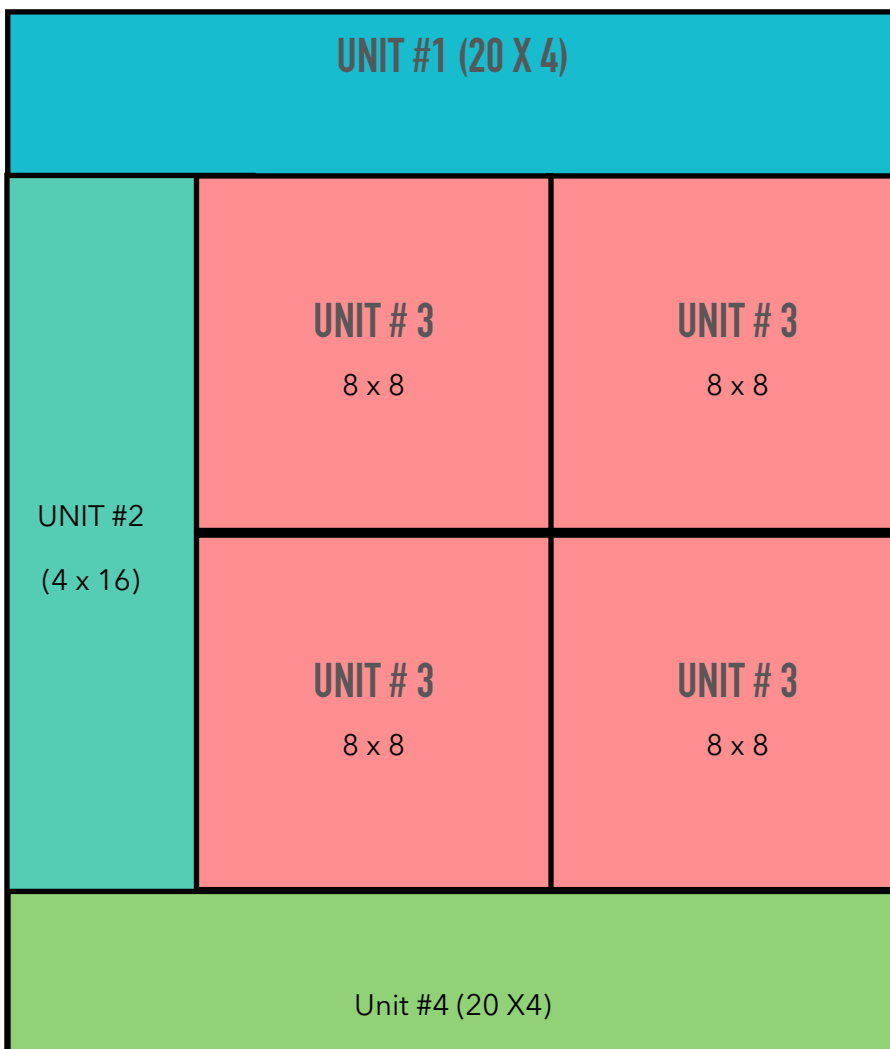

Mark off the fabric according to the diagram below. Use a sharpie marker or any permanent ink.

Place practice piece batting and backing that is 4 inches larger on all 4 sides.

Stitch the layers together by stitching on all marked lines and stitch along the perimeter at 1/8 inch from edge.

Prepare your sewing machine for free-motion quilting prior to coming to class. 1. Install the darning foot also know as the free-motion quilting foot. 2. Drop the feed dogs. 3. Thread your machine with a thread color that contrasts with your sampler fabric. 4. Wind 2-3 bobbins and have one loaded in the machine. 5. Adjust and set your tension for free-motion quilting. 6. Put in a new needle.

Please come prepared and ready to start stitching :)

Supplies to bring to class

Blue water soluble marker

Purple air erase marker

Machine Quilting gloves

Thread snips

Sewing Machine prepped &
ready to stitch. Don't forget
the foot pedal and cord.
